

Entry Form

All entrants must submit

- Completed entry form including project description
- Colour board including colour swatches
- Digital images of the project

How to prepare your colour board

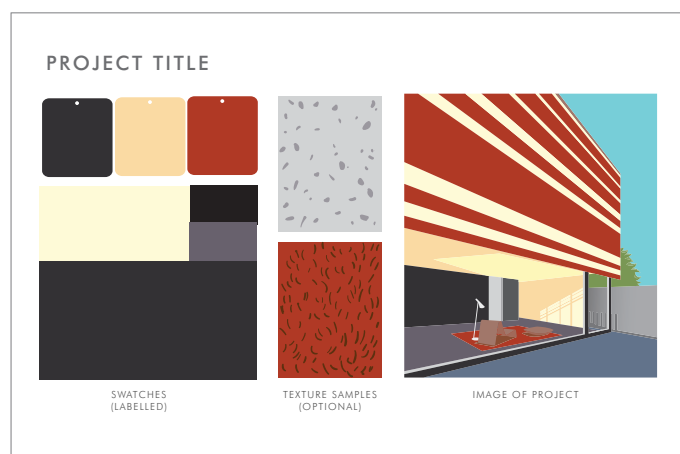

The primary reference for judging your work will be the colour board, showing the colours and finishes used on the project. Your individual or company name should not appear on the front of the board, however, it may appear on the back of the board. The colour board should be made from lightweight artboard or corflute, be A2 (420mm x 594mm) in size and landscape orientation. Boards that do not conform will not be accepted.

The board should include

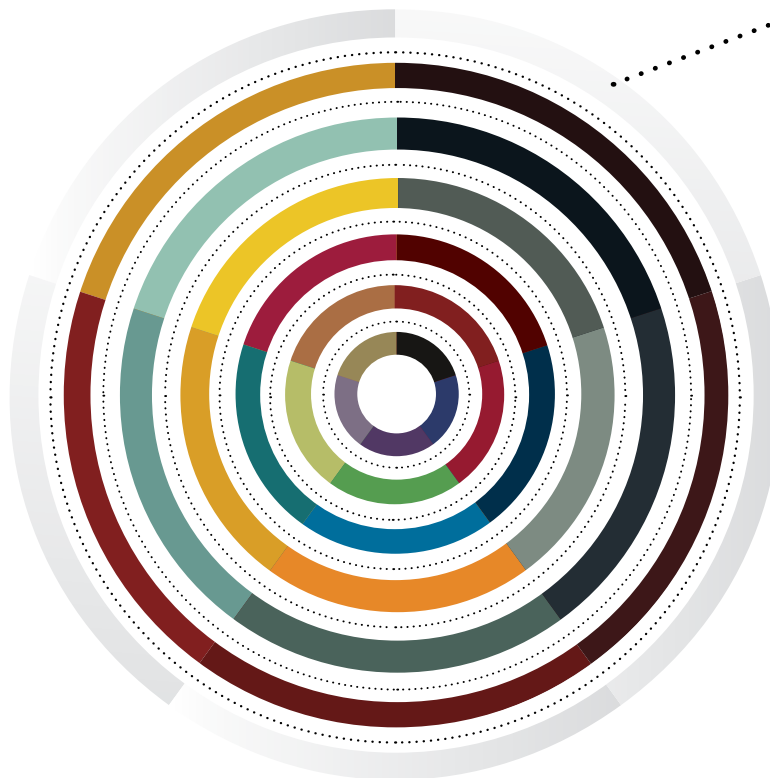

- Title of project and the colour name/reference
- Swatches of the paint colours used in proportion to their usage
- A photograph of the project
- Small swatches of materials such as carpets and drapes to show the project's total colour scheme

Take care to ensure it is well packaged to avoid damage in transit. Professional photography is not required as long as the images provided are a good representation of the project.

A maximum of five and a minimum of three digital images (showing a wide shot, close up and detail) of the project must be supplied. These images of the project must be supplied on a CD (MAC or PC) in non-compressed JPEG or TIF format, ideally (for quality) 5MB in size.
